

# The Get Reading Right Training Packages

The Get Reading Right training gives your teachers the information, resources and the confidence to start their synthetic phonics teaching—today! See how quickly children can become fluent readers and superb spellers with synthetic phonics.

## Ready to go with Synthetic Phonics!

### After the training you and your staff will:

- Gain an enhanced understanding of how synthetic phonics shows great improvements to spelling and reading.
- Feel ready to go with *The Synthetic Phonics Toolkit*.
- Be shown many sparkling examples of good practice, showing how learning to read can be fun as well as highly effective.
- Be demonstrated a wealth of games and activities that show how the skills are reinforced in a multi-sensory fashion.
- Have support by telephone and email for 6 weeks after training.

## Course Content

### Every school will have different needs – so we let you pick and choose from the following sessions:

1. Introduction to Synthetic Phonics – what is synthetic phonics, how is it different and why it makes such a difference to literacy rates.
2. *The Toolkit* – how to get synthetic phonics up and running in your classrooms today.
3. Guided Reading – how to reinforce your synthetic phonics teaching during guided reading with the Get Reading Right books.
4. Demo Lessons - our trainers will happily give demonstration lessons.
5. Parents Introduction – what is synthetic phonics, how it is different from the way they learnt and most importantly, how to help their children at home.

Full day training session  
allows for 4 sessions      \$1200

Half day training session  
allows for 2 sessions      \$800

Twilight session (2 hours)  
allows for 1 session      \$400

Online training session (2 hours)  
allows for 1 session      \$300

Spend over \$400 on training and get *The Synthetic Phonics Toolkit - Part One* teaching programme free! All the lesson plans, games, copy masters and assessment you will need.

### The Trainer:

A teacher for over 20 years Jo-Anne Dooner has taught in Australia, Indonesia, Japan and Hong Kong. She is currently a Vice Principal and Literacy Coordinator in a large school. Having set up a successful synthetic phonics programme in her school, 5 years ago, she became a real convert after seeing zero reading failure is a real possibility. She is also a director of Get Reading Right and the author of *The Synthetic Phonics Toolkit*.
